I am all for it. I would make sure that it runs in the statewide southern papers since our Members are all at home right now.

Gentlemen:

I suggest that we revisit the question of whether to run an ad regarding the lawsuit. The goal would be to reemphasize that we are NOT suing FDA to fight measures to prevent youth smoking. An ad could also emphasize our committment to AAA and make clear why we oppose FDA regulation. I'd welcome your thoughts.

Thanks.

Marc
